DEVELOPER

I deeply passionate about technology and dedicated to web development and can adopt with Software Development as well. My expertise spans web technologies, specializing in crafting captivating and user-friendly online experiences. I thrive in collaborative environments and enjoy tackling challenges to deliver high-quality solutions.

KEY COMPETENCIES

Problem Solving	Team Collaboration	Positive Approach
Process Improvement	Critical thinking skills	Proactive and self-motivated
Time Management	Adaptability and Flexibility	Passion for Learning

---

EXPERIENCE

Portfolio   **Mar 2024 - Present**
Web Development

I created and implemented a clean, minimalistic design aesthetic for my personal website. The website exhibits fluidity, offering a smooth user experience that favorably portrays the core of my portfolio.

Wearable Sign Language Audio Converter - Project   **Dec 2023 - May 2024**
Assisted Development

Assisted project development in planning and executing project, ensuring adherence to project timelines and deliverables. Monitored project budgets, tracked expenses, and prepared financial reports to ensure cost-effectiveness and adherence to financial guidelines.

Smart Circuit - Mini Project   **Dec 2022 - Mar 2023**
User Interface Development

I took charge of designing and implementing the user interface to ensure a user-friendly and intuitive experience. Through thoughtful design choices and attention to detail, I aimed to enhance usability and functionality, contributing significantly to the overall success of the project.
